A golden chalice is positioned on the left side of the image. The liquid inside the chalice reflects a bright cross against a sunset or sunrise sky. The background is a warm, golden-brown color with soft, out-of-focus light rays. A rough, textured stone is visible in the lower right corner.

The background image is a wide-angle photograph of a desert landscape. In the foreground, there is a sandy, light-brown area that appears to be a dry riverbed or a salt flat. In the middle ground, there are some low, rocky hills. In the background, a large, prominent mountain with a flat top (a mesa) rises against a clear, pale blue sky. The lighting suggests it might be late afternoon or early morning, with soft shadows.
